The goal should be reasonably met by the next annual IEP

## **SETTING**

Specify where the skill will take place- small group, large group, etc.

## **TARGET SKILL**

Make sure to focus on just ONE skill that the student is expected to do independently.  
Keep it simple.

## **DATA**

Identify how the data will be taken- observation record, work samples, etc.

**DOUBLE CHECK: GOAL AND BASELINE SHOULD MATCH.**
